

THE CAMPAIGN FOR AVON OLD FARMS SCHOOL

The hockey project embraces a goal of \$4.5 Million to renovate the hockey rink adjacent to the student center so our young men of Avon further enjoy the hub of student activity and social interaction.

HOCKEY RINK

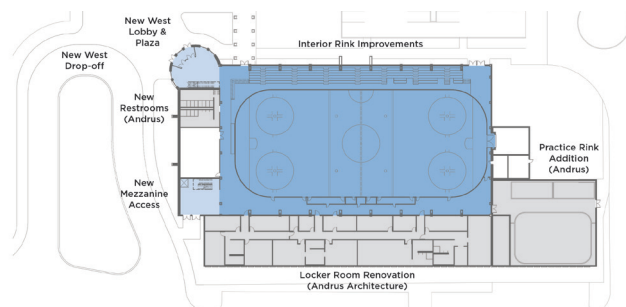

After 30 years of providing a home for championship hockey, its time for our facilities to match our game.

With a long-standing tradition of excellent hockey at Avon Old Farms, the Jennings Fairchild Ice Rink has become a major

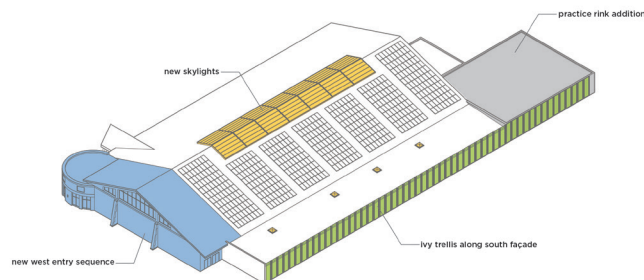

hub of campus activity. Students, faculty, and alumni pack the stands for home games and practices, creating a palpable sense of excitement.

To elevate the game day experience even further and provide top-notch player amenities, we are raising funds to modernize the rink, including a renovation of the fan seating area and viewing spaces. After all, the best fans deserve the best seat in the house.

KEY FEATURES

1. Installation of a metal ceiling and all new LED lighting
2. Reconfigured hockey rink with upgraded spectator seating increasing capacity by 15%
3. All new Avon branded locker room with video capability
4. State-of-the-art video team room with HD projection capability that's XOS software compatible for running NHL quality teaching video
